Career Advancement and Guidance Committee Standard Operating Procedures

Objective:

To guide the students of various streams regarding the career opportunities and to handle the related stress.

Context:

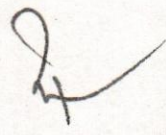

- To disseminate the information related to various career opportunities and options in higher education e.g.
- Information regarding study material at various platforms
- Online and offline coaching options for various competitive examinations.
- Information regarding various career option e.g. USMLE, PLAB, UPSC, ICMR research jobs, WHO, NHM, UNICEF, MSF and other government and PMS jobs.

Implementation/Plan of execution:

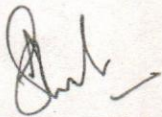

- Frequent meetings of the committee at regular intervals to discuss issues related to implement and execute the program.
- Involvement of the other faculty members/senior residents of other departments as internal resource faculty, to get their inputs and positive contributions for the successful running of the program.
- The internal resource faculty will be invited in the committee meetings for their valuable inputs.

Sensitization of the students:

- To brief the students on monthly basis during their scheduled classes without disturbing their regular teaching and taking due permission from their HODs/Concerned faculty.
- To disperse the related information on the created Whatsapp group of undergraduate and postgraduate students.

- To invite external experts to address the students by online/offline mode as per the due permission from the administration.
- Involvement of CRs (class representatives) of MBBS students to establish communication between students and faculty members.
- Obtaining feedback from the students regarding the usefulness of the program and suggestion for further improvement. The feedback will serve as marker of output of the program.
