Faculty of Pharmacy
Uttar Pradesh University of Medical Sciences
Saifai, Etawah

VISION

Faculty of pharmacy is serving with the revelation to come out as the superlative pharmacy college of Uttar Pradesh and to realize acknowledgment at national or international level for excellence in eminence pharmacy education and research. The faculty of this university is steadfast to work towards new ideas and innovations in pharmaceutical sciences and to motivate students in to world class pharmacy professionals with real to serve the interests of the nation and its people in a competitive global scenario.

MISSION

1. To develop Pharmacy professionals as conscientious citizens of a society with ethical values.
2. Patient centered service.
3. Community oriented research and strong community relationship.
4. Meet the regional, national and global pharmacy health care educational needs.
5. Inter organizational linkage.
6. To nurture the future Pharmacist with focused approach for Academic /Research excellence / Industries and overall development.

FAQs

1. (A) What will be the minimum qualification for admission in B. Pharm (First Year)?

Candidate shall have passed 10+2 examination conducted by the respective state /central government authorities recognized as equivalent to 10+2 examination by the Association of Indian Universities (AIU) with English as one of the subjects and Physics, Chemistry, Mathematics (P.C.M) and or Biology (P.C.M /P.C.B) as optional subjects individually.

(B) For B. Pharm lateral entry (to third semester):

Candidate should pass D. Pharm. course from an institution approved by the Pharmacy Council of India under section 12 of the Pharmacy Act.

2. What will be the duration of the course?

- ❖ Eight semesters (four academic years for B. Pharm)
- ❖ Six semesters (three academic years for lateral entry students in B. Pharm)

3. What will be the medium of instruction and examinations?

English

4. How much working days should be in each semester?

Each semester shall consist of not less than 100 working days.

5. How much attendance is compulsory for progress?

At least 80% attendance (in theory and practical separately) is compulsory in each semester. A regular record of attendance both in Theory and Practical shall be maintained by the teaching staff.

6. What criteria should be followed for credit assignment?

✓ ✓ ✓ ✓ 1 ✓

For Theory and Laboratory courses- Theory courses consist of lecture (L) and /or tutorial (T) hours, and Practical (P) courses consist of hours spent in the laboratory. One (01) credit assigned for lecture and tutorial hours and half (1/2) credit for practical (laboratory) hours. Thus, for example, a theory course having three lectures and one tutorial per week throughout the semester carries a credit of 4. Similarly, a practical having four laboratory hours per week throughout semester carries a credit of 2.

7. How many minimum credits are required for getting B. Pharm degree?

The minimum credit points required for award of a B. Pharm. degree is 208.

The lateral entry students shall get 52 credit points transferred from their D. Pharm program. Such students shall take up additional remedial courses of 'Communication Skills' (Theory and Practical) and 'Computer Applications in Pharmacy' (Theory and Practical) equivalent to 3 and 4 credit points respectively, a total of 7 credit points to attain 59 credit points, the maximum of I and II semesters.

8. What will be the pattern for course of study?

The course of study for B. Pharm shall include Semester Wise Theory & Practical.

9. What will be the pattern for examinations or assessments?

The End Semester Examinations for each theory and practical course through semesters I to VIII shall be conducted by the university. Two (02) sessional exams shall be conducted for each theory / practical course as per the schedule fixed by the college.

10. Is Industrial training is compulsory?

Every candidate shall be required to work for at least 150 hours spread over four weeks in Pharmaceutical Industry or Hospital after the semester VI and before the commencement of Semester VII.

11. What will be the duration for completion of the program of study?

The duration for the completion of the program shall be fixed as double the actual duration of the program and the students have to pass within the said period, otherwise they have to get fresh registration.

12. What are the job opportunities after completion of the course?

Pharmacy graduates have a wide range of career opportunities available to them. /

A. Industrial Pharmacy:

The pharmaceutical industry produces active drug substances, chemicals, prescription and non-prescription drugs, and all other health products. Pharmacists do such things as marketing, research and product development, quality control, sales and administration.

B. Hospital Pharmacy:

The knowledge and clinical skills that contemporary pharmacist possesses make this individual an authoritative source of drug information for physicians, nurses, and patients.

C. Community Pharmacy/ Retail Pharmacy:

This is a more familiar practice setting for the pharmacists and people probably visit the community pharmacy more often than they do other health care team.

D. Veterinary Pharmacy:

The Pharmacist towing this line is focused on the treatment given to animals. A veterinary pharmacist should have a grounded knowledge of the basic care given to animals. He should be able to provide the necessary medication to animals and livestock.

[Handwritten signatures and a number '2' at the bottom of the page.]

E. Social/Administrative Pharmacy:

This practice involves research and analysis in various areas of the health sector including how to improve public health care, making necessary drugs available and affordable among others.

F. Pharmacy Journalism:

This is an adventurous field for the pharmacist who is looking for a not-so-ordinary job. This area involves being inquisitive and having a spark for writing.

G. The Academia:

Pharmacists here are interested in training the next generation of pharmacists. They are involved with teaching, research, public service and patient care.

CHAPTER- I: REGULATIONS

1. Short Title and Commencement

These regulations shall be called as "The Revised Regulations for the B. Pharm. Degree Program (CBCS) of the Pharmacy Council of India, New Delhi". They shall come into effect from the Academic Year 2016-17. The regulations framed are subject to modifications from time to time by Pharmacy Council of India.

2. Minimum qualification for admission

2.1 First year B. Pharm:

Candidate shall have passed 10+2 examination conducted by the respective state/central government authorities recognized as equivalent to 10+2 examination by the Association of Indian Universities (AIU) with English as one of the subjects and Physics, Chemistry, Mathematics (P.C.M) and or Biology (P.C.B / P.C.M.B.) as optional subjects individually. Any other qualification approved by the Pharmacy Council of India as equivalent to any of the above examinations.

2.2. B. Pharm lateral entry (to third semester):

A pass in D. Pharm. course from an institution approved by the Pharmacy Council of India under section 12 of the Pharmacy Act.

3. Duration of the program

The course of study for B. Pharm shall extend over a period of eight semesters (four academic years) and six semesters (three academic years) for lateral entry students. The curricula and syllabi for the program shall be prescribed from time to time by Pharmacy Council of India, New Delhi.

4. Medium of instruction and examinations

Medium of instruction and examination shall be in English.

5. Working days in each semester

Each semester shall consist of not less than 100 working days. The odd semesters shall be conducted from the month of June/July to November/December and the even semesters shall be conducted from December/January to May/June in every calendar year.

6. Attendance and progress

A candidate is required to put in at least 80% attendance in individual courses considering theory and practical separately. The candidate shall complete the prescribed course satisfactorily to be eligible to appear for the respective examinations.

7. Program/Course credit structure

As per the philosophy of Credit Based Semester System, certain quantum of academic work viz. theory classes, tutorial hours, practical classes, etc. are measured in terms of credits. On satisfactory completion of the courses, a candidate earns credits. The amount of credit associated with a course is dependent upon the number of hours of instruction per week in that course. Similarly, the credit associated with any of the other academic, co/extra-curricular activities is dependent upon the quantum of work expected to be put in for each of these activities per week.

7.1. Credit assignment

7.1.1. Theory and Laboratory courses

Courses are broadly classified as Theory and Practical. Theory courses consist of lecture (L) and/or tutorial (T) hours, and Practical (P) courses consist of hours spent in the laboratory. Credits (C) for a course is dependent on the number of hours of instruction per week in that course, and is obtained by using a multiplier of one (1) for lecture and tutorial hours, and a multiplier of half (1/2) for practical (laboratory) hours. Thus, for example, a theory course having three lectures and one tutorial per week throughout the semester carries a credit of 4. Similarly, a practical having four laboratory hours per week throughout semester carries a credit of 2.

7.2. Minimum credit requirements

The minimum credit points required for award of a B. Pharm. degree is 208. These credits are divided into Theory courses, Tutorials, Practical, Practice School and Project over the duration of eight semesters. The credits are distributed semester-wise as shown in Table IX. Courses generally progress in sequences, building competencies and their positioning indicates certain academic maturity on the part of the learners. Learners are expected to follow the semester-wise schedule of courses given in the syllabus.

The lateral entry students shall get 52 credit points transferred from their D. Pharm program. Such students shall take up additional remedial courses of 'Communication Skills' (Theory and Practical) and 'Computer Applications in Pharmacy' (Theory and Practical) equivalent to 3 and 4 credit points respectively, a total of 7 credit points to attain 59 credit points, the maximum of I and II semesters.

8. Academic work

A regular record of attendance both in Theory and Practical shall be maintained by the teaching staff of respective courses.

9. Course of study

The course of study for B. Pharm shall include Semester Wise Theory & Practical as given in Table - I to VIII. The number of hours to be devoted to each theory, tutorial and practical course in any semester shall not be less than that shown in Table - I to VIII.

Table-I: Course of study for semester I

Course code	Name of the course	No. of hours	Tutorial	Credit points
BP101T	Human Anatomy and Physiology I-Theory	3	1	4
BP102T	Pharmaceutical Analysis I – Theory	3	1	4
BP103T	Pharmaceutics I – Theory	3	1	4
BP104T	Pharmaceutical Inorganic Chemistry – Theory	3	1	4
BP105T	Communication skills – Theory *	2	-	2
BP106RBT/ BP106RMT	Remedial Biology/ Remedial Mathematics – Theory*	2	-	2
BP107P	Human Anatomy and Physiology – Practical	4	-	2
BP108P	Pharmaceutical Analysis I – Practical	4	-	2
BP109P	Pharmaceutics I – Practical	4	-	2
BP110P	Pharmaceutical Inorganic Chemistry – Practical	4	-	2
BP111P	Communication skills – Practical*	2	-	1
BP112RBP	Remedial Biology – Practical*	2	-	1
Total		32/34^s/36[#]	4	27/29^s/30[#]

[#] Applicable ONLY for the students who have studied Mathematics / Physics / Chemistry at HSC and appearing for Remedial Biology (RB) course.

^s Applicable ONLY for the students who have studied Physics / Chemistry / Botany / Zoology at HSC and appearing for Remedial Mathematics (RM) course.
